The seller holds 61.02% of the shares of the Acquirer and 52.63 % of the shares of TC (which also is a government company). The TC and the Acquirer are and, after the transaction, will continue to be government companies under the provisions of section 2(45) of the Companies Act,2013.

In furtherance to the decision of the Cabinet Committee on Economic Affairs, requisite approvals were obtained from the Board of Directors & shareholders of PFC, SEBI, RBI and CCI.

			<p>This decision would enable increased efficiencies in lending processes and policies across both the institutions and would create substantial public value by offering better loan products to the power sector. A common management thread between the two institutions would lead to better cross fertilization of specific institutional expertise in diverse areas, across rural and urban areas, as well as between generation, transmission, renewable &amp; distribution sub-sectors. The convergence between the entities as combined group entities would help the power sector reap benefits from a decentralized outreach of REC Ltd. and a professional project finance expertise of PFC. Further, the ensuing diversification of assets of the group, as well as portfolio risk would help these institutions manage the resolution of stressed power sector assets in a better and coordinated manner.</p>
